torus The Maples

Torus is a Housing Association with around 40,000 properties across Cheshire and the Liverpool City Region offering a choice of good quality, well maintained homes. Torus believe that everyone should have a place they can call home. Somewhere they feel safe, somewhere they can afford. Because of this, working with Torus and the relationship we developed with them was especially important to us as we share the same values and objectives.

We worked with Torus on their new £20 million purpose-built development, **The Maples**, which provides 100 high quality one and two bedrooomed extra-care apartments to **help people live their lives as independently as possible.**

“

Investing in communities is a value at the very heart of the Torus Group which is why we choose to work closely with local social companies, like Buckingham Interiors, who are truly making a difference to people's quality of life and wellbeing. The Maples looks fantastic and is testament to the hard work of the team.”

Steve Coffey
Group Chief Executive at Torus

Case Study

Torus asked us to work with them to **choose** and **supply the furniture** for the bistro, reception area, communal lounges, corridors, office and board room.

We created **mood boards, colour schemes** and **layout plans** and with a blank canvas to work from we used our experience to create a style that would fit the needs of the new residents. We incorporated themes for the **dementia residents** which included memory boxes outside each apartment so residents can immediately establish a valuable landmark in their new home, We also designed and fitted a 2 bedroom show apartment.

“We worked closely with Buckingham Interiors and I’m really happy with how the communal areas look. They are modern and bright but still feel welcoming. Working with the team was great as I was involved at every stage of planning and design which ensured that our residents and their needs remained the sole focus of the project and this shows as feedback has been nothing but positive from all who have visited.”

Sarah Houghton-Grimshaw, Supported Housing Commissioning Manager at Torus
