## Heyeswood Retirement Living Scheme Refurbishment

Your Housing Group (YHG) is a North West based social housing landlord with over 29,000 homes across the North and Midlands. They offer homes for people at various stages of their life; young people, family homes and retirement living, and are passionate about doing the right thing for their customers. Because of this, working with Your Housing Group and the relationship we developed with them was important to us as we share the same values and objectives.

We were delighted to work with Your Housing Group on the refurbishment of one of their Retirement Living schemes, Heyeswood in Haydock. They wanted us to renovate and refresh the reception, bistro, private dining area and communal lounge.

As part of our interior design service we created bespoke moodboards for consultation which were light, colourful and modern as per the YHG brief.

We thoughtfully selected a range of elegant fabrics that added texture and softness to the room, creating a modern, fresh look and a relaxed environment for the residents.

# Case Study

All products at Buckingham Interiors are contract quality, certified to BS Standards and all fabric and foam are durable, stain resistant and anti-microbial and comply to Crib 5 fire retardancy, as required by law - giving our customers assurance in the suitability of the ranges available.

We were delighted to be appointed to work with YHG on the interior design and refurbishment of Heyeswood Retirement Living Scheme in Haydock. With the new design, furniture, artwork and accessories, all the rooms were transformed, creating beautiful spaces for the residents to enjoy. So different and much lighter than the previous decor.

“

We are all bowled over, looks fabulous! The rooms look so different and so light. It was a lovely surprise for the residents when we re-opened the lounge area for them when Covid restrictions were lifted. They loved the transformation and spend so much more time in there now, which is so important to us as we want to create places for people to thrive. Everyone comments on how beautiful it looks. The service and communication from everyone involved was excellent throughout and we are so happy!

Lydia Thwaites  
Retirement Living Scheme Manager

As part of FRC Group, we were able to return their previous furniture to our warehouse for reuse and recycling as part of our social value programme, refreshing their pre-loved items, ready for use by somebody in need, or recycling the materials responsibly.
