FRC GROUP

The Regenda Group

Regenda Group own or manage around 13,000 properties across the North West Region, including social rented housing, housing for older people, supported housing, private rented property, shared ownership and housing for sale.

We worked with Regenda Homes to **design** and **furnish** their newly launched **care leavers scheme**. The scheme provides **supported accommodation** for young people leaving the care system, helping them to lead **independent lives**.

The scheme benefited from a shared kitchen and dining facilities with individual bedrooms. We were able to support Regenda with this by identifying and installing **modern contract furnishings**.

We **fully furnished** the properties from **delivering furniture, installing window coverings** and **appliances** through to **cooking equipment**, enabling residents to move into their new homes quickly.

“FRC have been incredibly helpful throughout the whole process – visiting the scheme and suggesting various styles of furniture that would appeal to the young people. FRC were not only helpful but flexible and supportive in their approach, proving the right advice in assisting with layout and quantity of items needed. The communication throughout was great throughout, which was really reassuring.”

**Jayne Eccles, Young Person Support Service,
Regenda Homes**
