GRAMPIAN
HOUSING ASSOCIATION LTD

Furnishing of New Build Foresterhill Court, Aberdeen

Grampian is a leading housing association based in the North East of Scotland, providing services to over 3,500 households. Their purpose is to provide affordable housing that supports local communities.

Foresterhill Court is their newly built development, specifically for NHS keyworkers. It consists of five apartment blocks with 101 units in total, 28 of which will be let as fully furnished.

We supplied a comprehensive range of furniture and products to fully equip the apartments ready for tenants. This involved the provision of starter packs of kitchen appliances, utility room items and bedding, along with a range of accessories.

We were able to provide bespoke furniture allowing cohesiveness with the neutral colour scheme used. The clean and timeless look of the apartments give a base which is easy for tenants to style and inject their own personality into.

"We were really impressed by the range of products FRC Living were able to supply. They sourced and tailored products to meet our specifications and provided an excellent project management service. The process was efficient and highly organised and we appreciated FRC Living's ability to accommodate changes to timescales. Their experience in their field is evident and we valued their communication and expertise in completing this project."

Our living ranges and the wooden elements of our seating are FSC certified and produced in the UK. They are also heat and scratch resistant, giving greater longevity and a sustained quality appearance. The fabrics used in our furniture is Crib 5 certified for Fire Retardancy with advanced anti-microbial, anti-bacterial and MRSA resistant properties. Resistance to stains and abrasion means our furniture is durable and long lasting.

The customer experienced some delays to their build completion date, but we were able to provide flexibility in our delivery arrangements. They gave feedback, and noted the excellent quality of each aspect of their experience along with the helpfulness of our sales and in-house delivery team.
